Dear Breeders,

Thanks for taking the time to look through the offering for the 2011 PA Fall Classic. Our consignors have brought you a strong set of Simmental and Sim-Influence lots, most being AI sired or serviced. There are several opens that not only have the phenotype breeders look for, but they also have unbelievable genetics. In the bred division, the breeders have used top females and mated them to the leading bulls in the industry. We have a selection of bulls to fit all types of programs and also have impressive EPDs.

Please feel free to contact myself, John Spiker, or any of the consignors if you have any questions.

Sincerely,
Chris Brown,
