Simmental Sale

Friday, March 25th
2:00 PM
PA Furnace, PA

2011 PA Beef Expo SIMMENTAL SALE

Welcome to the 2011 Pennsylvania Beef Expo Simmental Sale. This has been a great year for cattle. With the stockyard prices so high, it makes this a great time to cull the old cows and replace them with a nice young cow or heifer that can make your herd profitable. This year we are offering a solid set of replacement females with exceptional pedigrees and performance. The cow/calves and breds are serviced to the breed's most popular sires. The opens are another set of balanced heifers that you can show and later put into your herd to build up your future. The ET lots provide a variety of genetic packages that could fit any operation. Take a look at the offering and if you have any questions, feel free to contact any of the breeders, Col. John Spiker, Dalton Lundy, or myself.

Sincerely,
Chris Brown

3C MACHO M450 BZ
CLASSIC MS MACHO
KJS MS ANCCOR 26M

Ms. Macho is a ¾ blood that was purchased as the high selling bred female at the 2007 Pennsylvania Fall Classic. She is a moderate-framed, thick-made female that had a successful show career. Her dam is the lead donor for Chris Brown at Classic Farms. The sire of these calves, Steel Force, really speaks for himself. He is one of the leading bulls in the industry, not only in the show ring but in commercial operations as well. His offspring has demanded much popularity as well as dollars in sales all across the country. This mating is this cow's first flush and we expect exciting things. Many fingers point to plenty of eye-appeal and blazed faces on these calves. Calves will be purebred. Guaranteeing 1 pregnancy if done by a certified embryologist.

BRED 08/16/10 to SVF/NJC MO TOWN M216 (REG # 2180591)

This bred heifer should be a good addition to any herd. Arch comes from one of our most productive and sound cows with two offspring being retained in the herd. Out of JDJ Charisma, arch was shown for two years consistantly finishing near the top of her class. Arch is good tempered and easy to work with. This heifer should make a very productive cow and is bred to calve in May to Mo Town. class. Arch is good tempered and easy to work with. This heifer should make a very productive cow and is bred to calve in May to Mo Town.

BRED 7-22-10 to TRIPLE C ULTIMATE FORCE (REG # 2336713)

Here is a pedigree that you may not recognize on the bottom side right off the bat. After a little studying you will see what an impressive female you have the opportunity to take home and put in your herd. Ice Crystal's dam, JJ Sheza Daisy is a full sister to the JJ Email bull that is in stud. Just ask anyone who has an Email daughter in production and they will tell you how great of producers they are. This year's National Champion Female is out of an Email daughter. Add to that, she's due in a month to Triple C Ultimate Force. He is the sire of the 2010 National Western Grand Champion Female. Ultimate Force is now deceased and semen is hard to find. Ice Crystal is a dark red female whose genetics and breeding trace back to two National Champion lines. Here's a great opportunity don't let it slip past.

This solid red calf, sired by Dream On son LS/NF Bring It On out of a powerful Freedom dam, is a perfect choice for any junior exhibitor. She was shown with her dam as a pair at the 2010 KILE in Harrisburg, the source of this photo. Now she is deeper bodied, beginning to flesh out into the kind of female that anyone will be happy with. Her grand dam, which we bought as a calf from Lee Ann Tice, has produced three PA Farm Show Division Champions for us of which this calf's dam was one. She is quiet tempered, has a classy air about her, is already trained by Emily, and is pre-registered for the Beef Expo Junior Show if bought by a junior. This calf will make great memories for some junior showman.
