Sale Terms and Conditions:

All buyer numbers will only be issued with a valid ID and payment is due day of sale. DP Sales Management would appreciate timely settlement of receivables within 15 days of date of sale. Any person not complying with that guideline will be pursued legally. DP Sales accepts Visa/Mastercard. Cattle will not be transferred until paid for in full. Cattle will sell under Suggested Sale Terms and Conditions of the American Simmental Association For updated terms and details go to www.simmental.org.

Announcements:

Announcements made sale day from the auction block during the sale take precedence over printed material associated with this sale. Anyone attending this sale attends at his or her own risk, neither sale management nor Mountain View Farm assume liability for accidents or loss of property. DP Sales Management is only an agent for the seller and has no responsibilities other than those involved in conducting the sale. Mountain View Farm is BQA certified and certified Johnnes free herd.

Sexed Heifer Semen:

Sexed semen is not 100% accurate, therefore Gettysburg Stars & Stripes consignors can not guarantee gender of resulting calves.

EPDs:

Please note the EPDs may change from the time the sale catalog is printed until registration papers are transferred. EPDs listed are the new Spring 2014 numbers.

Directions to Sale Site:

From the North, South or West, take the I-81 exit for Route 30 East at Chambersburg toward Gettysburg. After crossing over South Mountain, look for road signs directing you to "Land of Little Horses" and "KOA Campground". These signs will alert you to the right hand turn from Route 30 onto Knoxlyn Road. After making the turn onto Knoxlyn Road, our farm lane entrance will be 1.4 miles on the right. Vehicles with trailers please take the second entrance and follow signs to the trailer parking area.

From the North, South or East, take Route 30 West from Route 15 thru the town of Gettysburg. Three miles on Route 30 West from the Gettysburg town square (traffic circle), you will make a left hand turn onto Knoxlyn Road. Road signs for "Land of Little Horses" and "KOA Campground" will alert you to the turn. After making the turn onto Knoxlyn Road, our farm lane entrance will be 1.4 miles on the right. Vehicles with trailers please take the second entrance and follow signs to the trailer parking area.

Lunch prepared by members of the Gettysburg Stars & Stripes Sales Group

DVAuction
Broadcasting Real-Time Auctions

Barbara and I wish a sincere welcome to friends and prospective buyers to the 7th Annual Gettysburg Stars and Stripes Sale. Once again members of the Gettysburg Stars and Stripes Sale group, have brought in superior Simmental genetics for your consideration.

As in previous years, sale cattle will be placed in open lots here on the farm prior to sale. They will be sorted by kind, relaxed and grazing so you can view them in their natural state. The sale consignors and breeders will be available throughout the day on Friday May 2nd and Saturday May 3rd to answer any questions you might have. The actual sale will be held Saturday afternoon in our sale barn facility immediately adjacent to the open lots. A sale day lunch will be prepared and provided by the members of the Gettysburg Stars and Stripes Sale group.

For those of you who have not been to Gettysburg before, you will find attending this sale can be a great family mini-vacation with plenty of history, antiques and other attractions to keep you busy in addition to the cattle sale. Come early – stay for the weekend.

We have arranged for a complimentary two-hour guided tour of the Gettysburg Battlefield on Friday afternoon leaving the sale barn at 1:00 pm. The tour will last about two and one-half hours. See full tour information elsewhere in this catalog. Please call ahead (717-337-1615) to reserve your space for the tour. Also, complimentary drinks and snacks will be served at the sale barn late Friday afternoon/early evening.

You will find in this catalog reserved motel information for your stay. We highly encourage you to call and make your reservations early as this sale occurs at the start of the Gettysburg tourist season and the motel will not hold the reserved rooms only until April 24th. We look forward to seeing you here.

Sincerely,

Tom and Barbara Vossler
Mountain View Farm

Welcome to Gettysburg!

It is that time of the year again to hook up the truck and trailer, pack up the family and head to Gettysburg, Pennsylvania. I know that I say this every year, but if you don't attend any sales this spring make plans to come to the Stars and Stripes. The consignors of the Stars and Stripes roll out the hospitality of Simmental genetics, food, and fellowship to make in one to remember. Tom & Barbara Vossler always roll out the red carpet, and are the perfect hosts for this special event.

The Stars and Stripes Sale has a lot to offer. No they might not have numbers of some sales, but they have a diverse offering. Since the sale is held in May the Stars and Stripes group are able to offer more bred cows and pairs. For the past several years these are always a sale highlight. Don't forget that this might be your last chance to purchase an open female for summer junior events such as the regionals and the junior national which will be hosted in conjunction with the Simmental Breeders Sweepstakes in Louisville. I encourage you to study the catalog and visit with the Stars and Stripes breeders, they know their cattle and stand behind their product 100%. The breeders involved have had great success in the northeast exhibiting and marketing their genetics at various shows, sales, and events. This group is dedicated to raising good cattle, and helping their customers succeed with their purchases.

The Gettysburg area is the perfect backdrop in the spring to bring together Simmental genetics and the history of the United States. Plan to arrive early to take in everything that this area has to offer. Not to mention the award-winning Friday afternoon tour by Dr. Carol Reardon followed by drinks and appetizers on the porch overlooking the sale offering. We appreciate all that Tom & Barbara do to assist with the success of the sale each and every year. The Stars & Stripes group works hard to make their sale a great experience.

DP Sales and the consignors will work hard to make sure everyone gets taken care of no matter if you are in Gettysburg, or bidding online through DV Auctions. Please feel free to call anyone involved with the sale concerning questions about the offering or arrangements. We look forward to seeing you in Gettysburg!

Sincerely,

Doug Parke

American Honey is among the most stylish fall heifers we have ever produced. She has all the right parts put together in just the right design. Honey is sound in her structure, pleasing in her phenotype, and emanates from the incomparable Diva cow family. When it comes to re-productive performance her dam never misses a beat. To date 77U has calved from 9/3 to 9/14 always settling on the first AI service! 77A was born to wear a leather halter and later become a productive brood cow. They don't come any sweeter than CLO American Honey 77A! OCV, BVD-PI negative. Homozygous black and homozygous polled.

MMW: 54 • MRB: 0.04 • REA: 0.72 • API: 116.5

Longevity coupled with cow families is the basis of success in the registered seed stock business. Abby's dam is one of not more than two daughters of the immortal Nichols Joliette 107W cow that in turn is the grandam of the incomparable WAR Diva. You will notice that Abby 73A is double bred, line bred to the 107W cow. Line breeding can be most beneficial to quality cattle in that you will stage a positive "genetic explosion" when mated to an outcross sire. Abby is no disappointment in type and kind, soundness and structure. She has all the makings of yet another very productive member of the prolific family. Over the course of his show career her sire, CLO captain America 704Y made quite a name for himself as Supreme Champion Bull at the 2014 KILE show over all breeds and Senior Champion bull at the 2014 NAILE. Captain America is now owned with Slate Farms of Vanleer, TN. Enough said, This is a good one! OCV, BVD-PI Negative. Small scurs and homozygous black.

MWW: 60 • MRB: 0.1 • REA: 0.91 • API: 128.3

• Angel Eyes 74A gained a lot of attention during her first outing at the KILE last all when she and her dam were named Reserve Champion cow/calf pair, from their she won the Spring Calf class in her only time show. Not bad for a rookie. Her dam 174D was born in late July, 2009. 174W has had the following calving record: 5/11/11, 4/10/12, 3/2/13 and 1/31/14. This is reproductive performance at it's apex. Angel Eyes is most bold sprung, capacious daughter of Duracell that we have produced thus fa. She is a low maintenance, high return efficient brood cow prospect. Whether you choose to continue to show her or simply turn out to be a valuable member of your cow herd Angel Eyes 74A will not disappoint on any level. Her genetic profile reinforces her phenotype. OCV, BVD-PI Negative. Homozygous black and homozygous polled.

MWW: 55 • MRB: 0.18 • REA: 0.81 • API: 127.7

• Please take special not of Ashley's unique pedigree. Few young sires in recent times have created the excitement of creating as many high quality, high selling progeny as W/C Wide Track has done in first calf crop during this winter and early spring. When this young sire was coupled CLO Shasta 129S. One would expect really good results. Why you may ask? The reason being that Shasta is a flush mate to other notables as Entourage, MoCo & Shania and a maternal sib to Radiance...All National Champions! Few cows come with as much mass and volume as Ashley's dam. Ashley herself should have a bright future as both a show heifer and future donor. If you haven't already guessed, I fell Ashley is a whale of an outstanding female that can make an excellent contribution to any herd, bar none. Please remember the dominate influence of WAR Diva is close up in this fine heifer tabulation. OCV, BVD-PI negative. Homozygous black and homozygous polled.

CLO Zephyr 9Z

- The female represents a limited opportunity to directly access one of the great proven cow families within the Simmental breed...WAR Diva M704. Zephyr 9Z is all about being a cow. With excellent strutter, soundness and correctness she is hard to fault. As her photo indicates she is extremely longer bodied, with that comes a long, angular feminine front one third. There clean joints and sound big foot would indicate she will have a long productive live. The maternal strength of her dam should shine strongly as 9Z goes into production. To add to the equation she will sell bred to the exciting Hudson Pines herdsire, Two Step. This mating should solidify form, function and soundness with a great pattern in her progeny. Bred 3/16/14. OCV, BVD-PI negative. Homozygous black and homozygous polled.

Vidalia has always been a favorite whether it was at the Dixie National, being a champion at the North American or a sale highlight at the Legends of the Blue Ridge sale. Half interest was sold in Vidalia and commanded top dollar and was the high seller. Now in the Gettysburg Stars & Stripes sale Sloup Simmentals and Rocky Hollow offer genetics out of two of today's leading sires, Wide Track and Upper Class. Both these sires will produce progeny with balanced EPDs, exceptional phenotype, and marketability. Selling two sets of three embryo packages, guaranteeing one pregnancy per package. If you take all six a 50% guarantee. With these predictable baldie genetics, a good choice would be to take all. This donor is just getting started so get involved today.

• If you're looking for a fall open heifer that can talk the talk and walk the walk, you might want to check this one out. Big hiped, stout made, pretty necked, sow bellied, and a cow family to boot. HPF Caliente U335 is just beginning to make her mark in our program, and with females like this, it won't take her long!

Consignor: Hudson Pines Farm

Gettysburg...

A name widely known in U.S. and World history. In the third year of the American Civil War, 90,000 Northern soldiers and 75,000 Southern soldiers, 72,000 horses and mules and the crews of over 600 cannon met in mortal combat in three days of battle. This was the largest battle ever conducted on the North American continent, one of the pivotal battles in the American Civil War and a defining moment in the history of the United States of America.

- Black Angel offers performance and style. She is the first calf out of the ET heifer we gave our grandson to help with his college fund. This 3/4 Sim/Angus is extremely deep bodied and big topped. Angel comes from a cow family that has consistently topped sales. With an API of 139.70 Angel has a bright future.

Consignor: Buena Vista Simmentals

Attractions: While the Confederate invasion of the north was turned back by the Union victory at Gettysburg, not all was lost for the Confederacy in the overall campaign. During the nearly four weeks the Confederate Army spent north of the Potomac River among the highly productive farms of Maryland and Pennsylvania, Confederate soldiers "liberated" nearly 24,000 head of cattle, 22,000 head of sheep, and thousands of hogs from the northern farms and drove the livestock south of the Potomac River into Virginia. Hundreds of wagons loaded with forage and food from the northern farms were also sent south during that time.

• This one impressed everyone on picture day: deep bodied, heavy set yet moves very well. She look great in the picture and even better in person. Check her out closely on sale day (she likes her head scratched) She is a chart topper virtually across the board and with good balance in her EPD's: Top 20% for weaning weight, maternal weaning weight, all purpose index and terminal index. Top 25% for yearling weight and maternal calving ease. Calf is due Jan12, 2015. No pasture exposures. Planned mating EPDS include CE:11;BW 2.4; WW 79; YW 115.7; API 144; TI 84. Cersei at 15 months of age has a frame score of 5

• Uptown Girl combines the pedigrees of the top selling females here at the Stars and Stripes the past two years. On the bottom she is out of our Miss Meyer cow who was the granddam of our high selling pair here two years ago. Uptown girl possesses that stout and powerful hip that this family is known for while being neat fronted. On the top side of her pedigree she is sired by the great Upgrade, the same as last years high seller that went on to win for Jordan Carter in NC. Uptown girl has been admired by all who have seen her. She is strong topped, big hipped, great ribbed female that ties it all together with a neat front and she is only going to continue to get better. Contact us prior to the sale to discuss future showing possibilities. We would love to continue showing this beautiful bald faced female. Buy her and let her take you "Uptown" and put your name in the bright lights!!!

• Honey Bear is an easy-keeping first calf heifer with plenty of thickness, depth, and capacity. She will be the type of hard working cow that we have built our herd around. Soundness easy-fleshing ability, plenty of milk, and great dispositions are some of the traits that run deep and strong in this cow family-- just ask Messick Farms, they bought a maternal sister (PVSM Honey Bump) to Honey Bear in 2005, and have been very pleased with her. PVSM Honey Bear sells with a solid black bull calf at side.

• A nice young pair here that comes from a strong maternal line, with 479P on the top side and the powerful Light Me Up, on the bottom. It's a recipe for success. Her dam has done an outstanding job with two daughters selling in last year's sale for \$4,100 each. X365 is an extremely attractive, long fronted cow with plenty of rib shape and dimension. She sells with an outstanding heifer calf by Upgrade. Good young pairs will always make you money.

• Sunnys Delight is solid red star faced cow. She reminds me alot of the red heifer we sold here two years ago that topped this sale for \$9000 to Damar farms in WI. She has a big stout hip, good rib shape and an abundance of muscle. She always seems to pass these great qualities on to her off spring. Last year we showed a beautiful Built Right daughter out of Sunny that was Grand Champion at the 2013 PA State Farm show, along with numerous other shows. She was admired by all that saw her. Selling at the side of Sunny is a solid red star faced heifer calf that is a full sister to the Many time Champion Star. She is the next "Star" in the making!!

• We wanted to offer a few nice pairs this year, and Taste Of Honey was the first to come to mind. We purchased her from the Family Traditions sale as an open heifer and has become one of our top producing cows. She has produced high selling heifers at the Virginia Beef Expo and Stars and Stripes sales. She combines eye appeal and performance in a stout structurally correct package. Her heifer calf is certainly easy on the eyes, and should have a productive future. Everything is right in this 3 in 1 package. Both females are baldies.

• A direct daughter of the legendary JBH Sheza Dandy, Sheza Dream Lady T4017 is a rare genetic piece. This cow family has stood the test of time and many of the breed greats trace back to her including WAR Diva, HWK Kashmere, Sheza Lady J900, Sheza China Doll, Sheza Dandy Too, Sheza Beauty L901, Sheza Star N902, Sheza Fantasy N906, and many, many more. T4017 is big footed, wide topped, soft made, and flexible on the move. She averages over 8 embryos per flush, and although she has been stingy with heifer calves, her bulls have been very well received in our Bulls of the Big Sky sale, averaging over \$5,000/hd. T4017 had a natural calf this spring but unfortunately at about 3 weeks of age that calf was stepped on and did not survive. Seller is willing to include 3 embryos out of T4017 sired by JF Milestone if buyer would like.

Complimentary guided tour of the Gettysburg Battlefield on Friday, May 4th

GETTYSBURG. A name widely known in U.S. and World history. In the third year of the American Civil War, 90,000 Northern soldiers, 70,000 Southern soldiers, 72,000 horses and mules, over 600 cannon, met in mortal combat in three days of battle. This was the largest battle ever conducted on the North American continent. The battle was conducted over 6,000 acres of approximately 38 separate farms surrounding the town of Gettysburg.

Mountain View Farm, host farm for the Gettysburg Stars and Stripes Sale, sits less than two miles from the battlefield. The Stars and Stripes Sales Group is pleased to offer a complimentary tour of the Gettysburg Battlefield as part of this year's sale.

Tour leaders again this year are Dr. Carol Reardon of Penn State University and sale host Colonel Tom Vossler. Carol is also co-owner of two of the producing dams in the Mountain View Farm herd. Carol and Tom are both military historians who specialize in history of the American Civil War. In 2013 their book on the Battle at Gettysburg entitled *A Field Guide to Gettysburg* was published by the University of North Carolina Press. The tour Tom and Carol will lead will include a lot of what is in their book. The tour will also include visits to the state memorials of Virginia, North Carolina, Maryland, Pennsylvania and New York.

To reserve your space(s) on this popular battlefield tour, call Tom or Barbara Vossler at 717-337-1615. If no answer to your call, leave a voice mail with your name and headcount for the tour. The tour will depart the sale barn on Friday, May 4th at 1:00 pm and will last about two and one-half hours giving you plenty of time to view the cattle prior to the social hour at the farm house at 5:30 pm.

The Stars & Stripes Consignors want to Thank You for your Attendance.
