Sale Terms and Conditions:

All buyer numbers will only be issued with a valid ID and payment is due day of sale. DP Sales Management would appreciate timely settlement of receivables within 15 days of date of sale. Any person not complying with that guideline will be pursued legally. DP Sales accepts Visa/Mastercard. Cattle will not be transferred until paid for in full. Cattle will sell under Suggested Sale Terms and Conditions of the American Simmental Association For updated terms and details go to www.simmental.org.

Announcements:

Announcements made sale day from the auction block during the sale take precedence over printed material associated with this sale. Anyone attending this sale attends at his or her own risk, neither sale management nor Mountain View Farm assume liability for accidents or loss of property. DP Sales Management is only an agent for the seller and has no responsibilities other than those involved in conducting the sale. Mountain View Farm is BQA certified and certified Johnnes free herd.

Sexed Heifer Semen:

Sexed semen is not 100% accurate, therefore Gettysburg Stars & Stripes consignors can not guarantee gender of resulting calves.

EPDs:

Please note the EPDs may change from the time the sale catalog is printed until registration papers are transferred. EPDs listed are the new Spring 2018 numbers.

Directions to Sale Site:

From the North, South or West, take the I-81 exit for Route 30 East at Chambersburg toward Gettysburg. After crossing over South Mountain, look for road signs directing you to "Land of Little Horses" and "KOA Campground". These signs will alert you to the right hand turn from Route 30 onto Knoxlyn Road. After making the turn onto Knoxlyn Road, our farm lane entrance will be 1.4 miles on the right. Vehicles with trailers please take the second entrance and follow signs to the trailer parking area.

From the North, South or East, take Route 30 West from Route 15 thru the town of Gettysburg. Three miles on Route 30 West from the Gettysburg town square (traffic circle), you will make a left hand turn onto Knoxlyn Road. Road signs for "Land of Little Horses" and "KOA Campground" will alert you to the turn. After making the turn onto Knoxlyn Road, our farm lane entrance will be 1.4 miles on the right. Vehicles with trailers please take the second entrance and follow signs to the trailer parking area.

Lunch will be served sale day by Biggerstaff Catering!

Welcome to Gettysburg!

The breeder/consignors of the Gettysburg Stars and Stripes Sales Group wish a sincere welcome to friends and prospective buyers to our 11th annual sale. Our sale format remains the same as in previous years, that is, sale cattle will be placed in fenced but open lots here on the farm prior to sale. They will be sorted by kind, relaxed and grazing so you can view them in their natural state from noon Friday until sale time on Saturday. If you come out to the farm on Friday for a preview of the cattle, the sale consignors and breeders will be available throughout the day on Friday, May 4th and sale day morning to answer any questions you might have.

If you do arrive on Friday, drop your cattle trailer in the trailer parking lot at the farm before going back into town. In any case feel free to view the animals Friday afternoon and stay for a social gathering - food and beverages - on the patio behind the house beginning at 5:00pm.

The actual sale will be held Saturday afternoon in our sale barn facility immediately adjacent to the open lots. A catered sale day lunch will be provided to you by Biggerstaff's Catering prior to the sale, courtesy of our partnering sponsors from local agri-business companies. Please see our partnering sponsor ads in the catalog and be sure to thank them for your meal.

For those of you who have not been to Gettysburg before, you will find attending this sale can be a great family mini-vacation with plenty of history, antiques and other attractions to keep you busy in addition to the cattle sale.

For those of you who participate in the sale thru our arrangement with DV Auctions, we will miss your physical presence with us but certainly appreciate your interest and participation in the sale. Last year DV auctions and the Internet helped us make our cattle available to buyers as far west as California, as far north as South Dakota and as far south as Georgia and Tennessee. We are fortunate to have an expert team of haulers available to move cattle quickly from the sale barn to new owners throughout North America.

We have arranged for a complimentary guided tour of the Gettysburg Battlefield on Friday afternoon leaving the sale barn at 1:00 pm. The tour will last about two and one-half hours. See full tour information elsewhere in this catalog. Please call ahead (717-337-1615) to reserve your space for the battlefield tour.

You will find in this catalog reserved motel information for your stay. We highly encourage you to call and make your reservations early as this sale occurs at the start of the very busy Gettysburg tourist season. We look forward to seeing you here.

Sincerely,

Tom and Barbara Vossler

• Elisa 29E brings forward an outstanding pedigree with an impeccable maternal lineage. Her dam is an embryo full sib to a previous National Champion...CLO Shania. Her dam is very similar to her sister and dam, attractive, feminine, sound structured with balanced EPDs. Speaking on EPDs, it is our estimation that Elisa 29E will surpass all her EPDs in the "real world". She is exceptionally long spined bod sprung, feminine, and sound structured. She is easily one of the best "Broadway" daughters seen to date. Check out her birth to weaning spread, 71# to 696#. Many of the cows in the CLO cowherd are direct relatives to the incomparable WAR Diva M704. Longevity is very important once a superior cow family is identified, with that said 29E's dam is 12 years old and still in regular production! It is always hard to sell the good ones but commitment to the "Stars & Stripes Sale" makes it easier. OCV, BVD-PI negative. Sells bred to CCR Wide Range, Sire of the NAILE Grand Champion Female - 2018 for Steenhoek and Wayward Hill.

- **Bred AI** to CCR Wide Range, ASA#2725666 on 3/30/18

• Impressive performance best sums up this baldy daughter of CAJS Blaze of Glory. Keep in mind her dam was a 2 year old when Eliza 56CE posted a 759 lb. weaning weight! Weaning Ration of 108. 56CE is a big bodied bold sprung yearling with superior bone and excellent foot size and leg structure. Her dam is one efficient attractive daughters of the "Two Step" bull used at Hudson Pines Farm. The dam of 56CE traces directly to WAR Diva M704, dam of numerous champions and top sellers. The Moderate framed, easy keeping female will keep you in the cow business, a foundation to build upon. OCV, BVD - PI Negative. Sells bred to CCR Wide Range.

- Whenever you start analyzing cattle, you should always start at the bottom. This heifer has great feet. Something we need in all the breeds. De-Calf is the crowd choice at our farm. Pretty headed, moderate framed, monster bellied, and stout made at the ground. She is a young version of the talking cow "I ate the Judge"! De-Calf is a daughter of our donor cow, CLO Sweet Sensation 704R. She was part of our showstring last year, winning numerous Division Champions including NYSF, and class winner at KILE.

Lazy H Sheza Dandi T46 - reference dam

- CLO Simmentals is offering (1) successful IVF Flush in this own daughter of JBH Sheza Dandy! (Guarantee six transfer quality embryos to the sire of the buyer's choice.)

- Question to Simmental Breeders: What is one of the most impactful cow families in the breed over the last Two Decades? You're right.... Sheza Dandy. This cow family is among the most 'Bullet Proof' to be found anywhere in North America. This tribe has contributed Champions and Top Sellers continuously and will continue to do so. Some notable family members include Dynamite, Nitro, Steel Force, Diva, Shania, Radiance, Entourage, Kashmere, Moco, Victoria's Secret, Shell Shocked and of course Dream On. Dandi T46 is as sound structured today as when she was a heifer !! Long Spined, Capacious, Great ribbed, Super Hipped, with a Perfect foot and leg structure. Invest wisely in a cow family that continues to produce among the very best Simmentals anywhere. CONTINUE THE LEGEND AND THE LEGACY !

Welcome to 11th Annual

Stars & Stripes in Gettysburg, Pennsylvania. This group of Simmental breeders have a long standing tradition of producing and marketing exceptional genetics, and making them available to buyers. Several of the members of this sale have been involved in this sale since its inception, and will continue to be for years to come.

Though the group might be small in total herd numbers, that does not stop the high quality genetics that are offered at the Stars and Stripes. There are notable cow families, and genetics have gone to operations across the United States and Canada with much success. Over the year's the Stars and Stripes has earned the respect of breeders across the country because cattle no matter what there purchase price have added value and pasted on a true benefit to many seed stock operations of all sizes.

This is definitely a sale that is a great family friendly event. The tour on Friday is the better than any history lesson you will receive out of a book, and the hospitality from the group is always great. We invite you and your family to take the trip to Gettysburg to be with us. If you can't be with us, we will be utilizing DV Auction, and will have trucking available for your purchases. The group of consignors are always proud of their offering, so do not hesitate to contact them with any questions you might. We hope to celebrate the 11th annual Stars and Stripes Sale with you the first Saturday in May. In the 50th anniversary of the Simmental breed we at DP Sales want to commend the small breeders in this sale for their ongoing commitment and dedication to our breed. We salute them and invite and welcome any new or interested individuals to attend the Stars and Stripes sale. You will be amazed by the quality, commitment, hospitality and enthusiasm.

- Here is another good representation of the Glory cow family. Emerson is long necked with loads of femininity and overall style. E17 is long bodied, smooth made and good throughout her hip and rump. This Lock Down female is good on paper with EPDs for calving ease and growth. E17 is homozygous polled. Emerson will be a nice addition to anyone breeding program.

• This moderate framed first calf heifer is doing a great job with her Innovator bull calf. C60 sire BMR Explorer was National Champion at the North American and has produced great moma cows. Look at this bull calf closely. He can make a great Junior project. Check out the 127 API. He has the look, the style, and body type needed today in the show ring. The dam has great longevity in her cow family. Great disposition!

Hillcrest Ms Toffee Toffee is a beautifully made daughter going back to the Hudson Pines Navigator daughter, HPF Ms Lacey S046, who is one of our foundation brood cows. Lacey has produced several of the productive females that are currently active in our herd. Her daughters, Toffee alike, are easy keeping, good tempered, quick breeding back females that we strive for in our operation. She is a capacious big bodied, structurally correct, gorgeous uttered female. We chose to let this one go, so someone else have the chance to own a piece of a successful, well producing line going back to Hudson Pines. To make the package even better she has a February heifer calf at side by WLE Big Deal, the maternal brother to WLE Uno Mas. She will be serviced to the high selling bull.

• Juniors, if you are looking for a heifer to take to Eastern Regionals this year, and be able to show her next year also, check out "Cookie". She is homozygous black, homozygous polled, thick, and sound moving with a great disposition. Longevity is bred into this heifer—her grand-dam is 15 years old and still in our herd. Cookie has been worked with and will be ready to walk with you into the showing or your pasture. BVD-PI negative.

• This October show heifer is sired by the All Right Bull that continues to make great ones and out of a whale of a Net Worth Female. She comes to you with tremendous style and balance, is flawless in her movement with abundant mass and performance. Juniors take note...she will run hard at the Eastern Regionals and Junior Nationals.

• Here is a unique opportunity, a bull out of the highly sought after Steel Force who has sired many bulls in sire catalogs today, as well as had daughters that dominate the show ring and donor pen. Pair that with Bramelt's Pride T700 on the bottom side and you have an unstoppable mating. She also was a champion in the ring, made up of a powerhouse package of genetics and phenotype. Pride's Force is a wide topped, deep bodied, thick made bull who is masculine in his features, with structural correctness that will excel in any breeding program. He is a gentle, easy keeping bull who is ready to be put out to pasture and breed. Pride's Force passed a Breeding Soundness Evaluation (BSE) performed by our Veterinarian, stating that he is sound and ready to breed. Hillcrest Farm is BQA cert

Complimentary guided tour of the Gettysburg Battlefield on Friday, May 4th

GETTYSBURG. A name widely known in U.S. and World history. In the third year of the American Civil War, 90,000 Northern soldiers, 70,000 Southern soldiers, 72,000 horses and mules, over 600 cannon, met in mortal combat in three days of battle. This was the largest battle ever conducted on the North American continent. The battle was conducted over 6,000 acres of approximately 38 separate farms surrounding the town of Gettysburg.

Mountain View Farm, host farm for the Gettysburg Stars and Stripes Sale, sits less than two miles from the battlefield. The Stars and Stripes Sales Group is pleased to offer a complimentary tour of the Gettysburg Battlefield as part of this year's sale.

The tour leader this year is Dr. Carol Reardon of Penn State University. Carol is also co-owner of two of the producing dams in the Mountain View Farm herd. Carol and Tom Vossler are both military historians who specialize in history of the American Civil War. In 2013 their multiple award winning book on the Battle at Gettysburg entitled *A Field Guide to Gettysburg* was published by the University of North Carolina Press. The tour Carol will lead will include a lot of what is in their book in regard to the farms over which the battle is fought. The tour will also include visits to the state memorials of Virginia, North Carolina, Maryland, Pennsylvania and New York.

To reserve your space(s) on this popular battlefield tour, call Tom or Barbara Vossler at 717-337-1615. If no answer to your call, leave a voice mail with your name and headcount for the tour. The tour will depart the sale barn on Friday, May 4th at 1:00 pm and will last about two and one-half hours giving you plenty of time to view the cattle prior to the social hour at the farm house at 5:00 pm.
