# 8TH ANNUAL EASTERN ELITE

**JANUARY 26, 2019 | HARRISONBURG, VIRGINIA | 6:30 PM**

*following Heifer Show at the VCCP Winter Classic Jackpot Show.*

Welcome to the 8th Annual VCCP Eastern Elite Sale, held in conjunction with the 14th Annual VCCP Winter Classic Jackpot Show! This year we would like to welcome Craig Reiter of Prime Time Agri-marketing Inc. to join our sale team. Craig needs no introduction to those in the cattle business. He knows the genetics and the pedigrees behind these cattle, as most of the genetic ancestors originated or played a part in one or more of his many, previous sales. He is a wealth of knowledge when it comes to these cattle and will be available, along with Greg Sharp, John Spiker and the sale committee to answer any questions or discuss any of the sale lots. With that being said, we have the best offering this year that we have ever had. There are cattle and genetic lots in this sale that are going to make the new owners lots of money. Many are worthy enough to build a herd around that will keep giving for generations. It is said to be a better year to be buying than to be selling, so take advantage of this year's sale offering. There is opportunity in this year's sale, so don't be the one wishing that you would have when it is too late. Study these cattle, study the pedigrees, notice the quality of the genetic lots, and get a feel for what these genetics and cattle can do for you and your operation. There is money to be made and success to happen in each division in this sale, but success can only happen if you take advantage. Thank you for your interest and please feel free to contact any of the consignors, sale staff or sale committee to answer any questions about the offering. If you are interested in bidding but are unable to attend, please contact the sale staff or pre-register with [cowbuyer.com](http://cowbuyer.com) for online bidding.

*Please bring this catalog with you to the sale*

1 { In our 2014 Sale – Bushy Park bought a pack of Irish Whiskey eggs out of the Mimms Donor 4267. They sold two resulting heifers for \$23,000 and \$100,000. This may be unprecedented in any sale in the country! Congratulations to Cory Thomsen and Crew at Bushy Park. The resulting heifer from this embryo pack went on to be named NAILE Grand Champion Maintainer Heifer in both the junior and open shows, congratulations Mason Walker. Full sib embryos to these champions sell as Lot 68.

2 { This Sim Solutions lot was consigned as a heifer pregnancy by Wehrman Genetics in the 2012 Eastern Elite sale and was purchased by G&B Cattle for \$3500. They returned her to the 2014 sale as a bred heifer and sold her for \$13500. This heifer is back this year as an Eastern Elite donor selling eggs as lot #82.

3 { In 2016 Butler Farms purchased the I-80 X SULL Pure Hottie 7033 embryos. Two of the resulting heifer calves ended up being lot 1 and lot 2 of the 2017 Butler Farms Apple Harvest Production Sale where each of them demanded north of 6K.

4 { In 2013, Glenbrook Farm brought us Miss Look Who's Blue, which was a top seller that year. She was purchased by Butler Farms, where she quickly moved into their ET program and has now become one of their most proven producers for the Butler Farms Apple Harvest Production Sale.

Here is a fall born older bred heifer from the Heart of our Program. These are the type of females that we hate to part with, especially since we unexpectedly lost her dam just a few weeks ago. 6112 is sired by our senior herdsire Gambles Moneyball 2524 out of a Dream On Son x 9FB3 Fullback Cow. Some of the best genetics in our herd are out of this family. She is safe to the triple crown Champion bull – Daddy's Money, carrying a bull calf and will have calf at side by sale time. I would bet that her first calf could pay for her.

Outstanding genetic package in this heifer for making show calves whether bred to club calf sires, angus sires, or sires of any other breed. This heifer is out of our donor cow EF Blossom 4110, who at the age of 10 was Reserve Champion Cow/Calf at the 2013 VA Angus Breeder's Show and also produced several champion bulls, steers for 4H kids, and heifers shown by Silverado Cattle Company. You'll really like the bull she's bred to. We have several on the ground and they are definitely all about the show ring.

This heifer came straight from the top donor of our program. She is the top choice out of our fall calving herd. KCC Rose 9317 is a great opportunity to purchase a bred heifer that still has a full year of show eligibility left. We have shown her twice and she was in the top end of her classes, both at the Ohio State Fair and the Athens County Fair. She has a great attitude and comes AI bred to Barstow Bankroll B73. The bankroll calves that we have had, all have come with ease and no assistance, which is what we want to see with our first time heifers. All vaccinations are current and up to date.

Big time power and mass here boys! We would find it hard to believe you could go find a % Simmental bull from front to back more powerful with this much depth of body anywhere. He is truly a beast. We think this one is a true breeding piece to stouten a set of cows up. Try to find one better that still reads maternal by pedigree. He's been out three times and his show record reads; Champion % Simmental Bull Ohio State Fair, Champion % Simmental Bull West Virginia State Fair, and class and division winner at the prestigious World Beef Expo. This bull flat gets it done. Oh, we forgot to mention, an actual yearling weight of 1759. Breed him for show stock, seedstock, or flat out cattle that will grow and preform in the feedlot. LMF MISS PRINCESS

This is one we loved the day we walked into the pasture at T Bar S Simmentals and she hasn't disappointed since we were able to bring her home and get her ready for this sale for them. Solid on her feet, powerful through her quarter and it's hard to find one with this much curvature to her lower rib at her age. We love high % Simmental cattle that can carry this much shape and softness through their middle one third, yet be so feminine out of the shoulders and neck. Add to this how gentle this critter is and someone will have a lot of fun at state fair this summer.

Pedigreed to have even more potential to mate on.

Talk about a cow that was hot when she topped the First Class female sale in 2016. Well, she is hotter now. After she found her new home for Esquire, Mimms and Sharp, her heifer calf won the Iowa beef expo and a steer just recently won The State Fair of Texas or Dallas steer show as it is known. All this a year after one of her calves won the Missouri state Fair Market steer show and another won the Badger Kick-off classic. With very few calves born Aggie has produced no less than 6 calves that have cracked the 20,000 mark. This lot is a true sale feature, and these are some of the hottest eggs that can be purchased.

This famous cow needs no introduction to the VCCP Eastern Elite. This cow was a heifer pregnancy sold in the very first Eastern Elite from the very famous Wehrmann Angus Farm, the only known crossbred heifer ever on that farm from the famous 6M45 donor.

She went on to reappear live and in person 2 years later as a bred heifer (and was carrying a very attractive Secret Weapon bull calf) in the Elite sale and became the all time leading sale topper @ \$13,500 with an API of 173. This year she reappears again as a superb Simm/Angus donor cow. A cow that has produced 108 eggs in just 2 conventional flushes. Her heifer calf on the ground now out of Engineer has already hit the winners circle standing as reserve heifer calf champion in her first show as a Simm Solution. Her mating to Relentless should be a great one. We're excited that we have 4 Relentless calves ready to hit the ground soon. **LIABILITY:** All animals and merchandise will be at the buyers risk at the fall of the hammer. However the seller will provide for the safety of each animal for a reasonable amount of time following the sale. Neither the owners, sale manager, auctioneer, or affiliated personnel may be held responsible for any accidents that may occur.

**BIDDING:** All animals will sell to the highest bidder. Any disputes or challenges regarding bidding will be settled by the auctioneer and his decision will be final.

**ANNOUNCEMENTS:** Made sale day from the block will take precedence over statements in the sale catalog.

**GUARANTEE:** Bred females have been satisfactorily examined for pregnancy, are guaranteed bred at sale time and are assumed to breeders without further guarantee. Due dates listed for bred females are the results of said examination and / or known breeding dates and are intended to be used as estimates of actual calving dates. No guarantee, expressed or implied, is made to the animal's ability to produce transferable embryos with the exception of those selling as "open and ready to flush." Bulls and open females are sold to be "breeders". All embryo packs sell in groups of three or four (3 or 4) and with a one (1) pregnancy guarantee when the work is done by a certified tech.

**ACCIDENTS:** All persons who attend this sale do so at their own risk. Owners nor any person involved with the sale assumes any liability, legal or otherwise, in the event of an accident or loss of property.

**CATALOG:** All information was supplied by the consignors and sale committee and is believed to be correct and accurate. Catalog prepared by Prairie Pistol Designs.

**SHIPPING:** Assistance will be given in making shipment of your purchase after the sale, but no risk will be assumed by the seller. Expenses incurred are the responsibility of the purchaser who should furnish shipping instructions at time of settlement. Embryo / semen lots, many will be on site to pick up after the sale, those being shipped it is the Buyer sole responsibility to have those shipped and for the cost associated with.

**A STORAGE FEE OF \$0.50 PER DAY / CANE WILL BE APPLIED AFTER 30 DAYS. GENETIC LOTS THAT AREN'T PICKED UP BY DECEMBER 1, 2019 THEY BECOME PROPERTY OF THE VCCP.**

**ABSENTEE BIDDING:** If you would like to invest in the cattle offered but are unable to attend, please contact the farm, sale committee & representatives, or auctioneer as far ahead to the sale as possible. your bids will be handled with complete confidentiality and we can arrange to have the cattle delivered to your farm or ranch.
