

*Stars & Stripes*

**MAY 4**

**12:30 EST GETTYSBURG, PA**

# Welcome to Gettysburg!

The breeder/consignors of the Gettysburg Stars and Stripes Sales Group wish a sincere welcome to friends and prospective buyers to our 12th annual sale. Barbara and I are pleased to recognize this sale as the fifteenth annual sale here at the farm and the twelfth annual sale under the leadership of DP Sales Management.

Our sale format remains the same as in previous years, that is, sale cattle will be placed in fenced but open lots here on the farm prior to sale. They will be sorted by kind, relaxed and grazing so you can view them in their natural state from noon Friday until sale time on Saturday. If you come out to the farm on Friday, May 3rd for a preview of the cattle, the sale consignors and breeders will be available throughout the day to answer any questions you might have.

If you do arrive on Friday, drop your cattle trailer in the trailer parking lot at the farm before going back into town. In any case feel free to view the animals Friday afternoon and stay for a social gathering - food and beverages - on the patio behind the house beginning at 5:00pm.

The actual sale will be held Saturday afternoon in our sale barn facility immediately adjacent to the open lots. A catered sale day lunch will be provided to you by Biggerstaff's Catering prior to the sale sponsored by the sale consignors.

For those of you who have not been to Gettysburg before, you will find attending this sale can be a great family mini-vacation with plenty of history, antiques and other attractions to keep you busy in addition to the cattle sale.

For those of you who participate in the sale thru our arrangement with DV Auctions, we will miss your physical presence with us but certainly appreciate your interest and participation in the sale. In past years DV auctions and the Internet helped us make our cattle available to buyers across the US and up into Canada. We are fortunate to have an expert team of haulers available to move cattle quickly from the sale barn to new owners throughout North America.

We have arranged for a complimentary guided tour of the Gettysburg Battlefield on Friday afternoon leaving the sale barn at 1:00 pm. The tour will last about two and one-half hours. See full tour information elsewhere in this catalog. Please call ahead (717-337-1615) to reserve your space for the battlefield tour.

You will find in this catalog reserved motel information for your stay. We highly encourage you to call and make your reservations early as this sale occurs at the start of the very busy Gettysburg tourist season.

We look forward to seeing you here.

Sincerely,  
Tom and Barbara Vossler  
Mountain View Farm & Stars and Stripes Sales Group

CDI Innovator 325D T46 - ref. sire

- Selling 3 embryos IVF Heifer embryos guaranteeing 1 pregnancy if work is performed by a certified embryologist.
- When good fortune and planning produces a female like this the possibilities are endless. To quote judge Jim Bloomberg "The breed needs a lot more females like this one". Dandi's picture says it all... Feminine, sound, stylish, big bodied, and complete. The mating of 6D's dam with Two Step created some of the best in outcross genetics. Now on to the legendary cow family...Sheza Dandy. From it's origin at Nichols Farms of Iowa this family has produced more high impact and heavily used genetics than any other, namely CNS Dream On! The sire of this mating of (3) IVF embryos, CDI Innovator, has proven to produce sound, practical, genetically superior progeny with 'the Look'. His first progeny were shown in Louisville and Denver to be both winners and high sellers.
- consignor:** CLO Simmentals

OBCC CMFM Deplorabull D148 - ref. sire

- Selling 3 embryos IVF Heifer embryos guaranteeing 1 pregnancy if work is performed by a certified embryologist.
- Sheza Dandy T46 is the dam of the above donor Sheza Dandi 6D. As many know this family has a strong history of doing this time and time again. In the past sales here at the Stars and Stripes the sale toppers have been from this lineage, just remember War Diva, Dandy and Shez Too Cool that produced Shell Shocked and Victoria Secret. The embryos are sired by Depoarabull which backed by another breed great the Black Star line. All you need to do is just get involved today in some of the most trusted genetics in our great breed.

- What a sweetheart of a 2 yr. old Heifer calf pair. Phenotypically and genetically this is clearly a pair to represent the quality typically offered at the Stars & Stripes sale. Essense brings moderation, broodiness, structure, and mild disposition to the table. She stems from one of the most consistent, prolific cow families of the breed... Sheza Dandy. The Simmental breed is fortunate to have several great cow families but few have been able to establish their legacy over the course of two decades and counting. To add value Essense is double bred to Sheza Dandy also through her sire National Champ, Entourage, this insures consistency. An added benefit is the calving ease influence of the acclaimed Werning program from W/C Innocent Man. Red Essense sells with a sharp Heifer calf.

- There is "power in the blood" with Allure being an own daughter of the legendary WAR Diva M704. To make her even more unique she is the only sister in this outstanding maternal tribe sired by W/C Wide Track 694Y. Allure is noted for producing several high performing progeny. In her show career she was always one 'to reckon with' having been division champ at the KILE in Harrisburg, PA. Phenotypically you will admire her femininity, clean lines, sound structure, length, and dimension. In the prime of her productive life Allure may well be the last Diva daughter we offer at public auction. To address the statement of 'power in the blood' you may remember some of her notable siblings: Radiance, Entourage, MoCo, and Shania... all National Champions! Allure sells with a stylish bull calf.

• Too Cool is a young bred heifer that would be a substantial genetic addition to anyone's herd. Her dam, Lazy H Too Cool Y220 is one of our donor cows. This genetic match up with Remington Lock N Load 54U is one to pay attention to. This cow family has been very successful for us and is only getting better with time. With several of this donor dam's progeny in our herd, we are willing to offer this quality bred heifer. Too Cool is a long necked, stylish female, with plenty of middle to her. Don't be afraid to invest in something that will guarantee your money back. Bred to Uno Mas a proven calving ease bull, safe in calf, due September 25, 2019. Hillcrest Farm is BQA certified and the heifer if BVD tested negative.

Stars & Stripes in Gettysburg, Pennsylvania. This group of Simmental breeders have a long standing tradition of producing and marketing exceptional genetics, and making them available to buyers. Several of the members of this sale have been involved in this sale since its inception, and will continue to be for years to come. Special thanks to those founding members Jeanie White, Cliff Orley and Tom and Barbara Vossler. Remember many of the members of the sale group are involved in their state association, the Pa Cattlemans Association, Pa Bull Test, and the Keystone show, junior shows and many other events in their area and in other states as well.

Though the group might be small in total herd numbers, that does not stop the high quality genetics that are offered at the Stars and Stripes. There are notable cow families, and genetics have gone to operations across the United States and Canada with much success. Over the year's the Stars and Stripes has earned the respect of breeders across the country because cattle no matter what there purchase price have added value and pasted on a true benefit to many seed stock operations of all sizes.

This is definitely a sale that is a great family friendly event. The tour on Friday is the better than any history lesson you will receive out of a book, and the hospitality from the group is always great. We invite you and your family to take the trip to Gettysburg to be with us. If you can't be with us, we will be utilizing DV Auction, and will have trucking available for your purchases. The group of consignors are always proud of their offering, so do not hesitate to contact them with any questions you might have at this time or sale week. We hope to celebrate the 12th Annual Stars and Stripes Sale with you the first Saturday in May. We salute them and invite and welcome any new or interested individuals to attend the Stars and Stripes sale. You will be amazed by the quality, commitment, hospitality and enthusiasm.

• We purchased "Trendy" from SVJ out of 'The Social' sale a few years back. She has influenced our herd heavily as we raised her first bull calf, PCSC Trend Maker 4D, and used him extensively in our program. Trendy is perfectly designed, ideal in her pattern, soft and long in her movement, elegant through her front 1/3rd, perfect uddered and everybody's favorite. Unfortunately, due to no fault of her own, we heartbreakingly lost her TKCC Classified heifer calf at just a day old last fall. We decided to let our purebred Angus SAV Brilliance son get her bred right back. She's the front pasture kind, donor pen ready, genetic masterpiece that everybody will find on sale day. Sells bred to PCSC Brilliance 24D AAA #18892767 due 10/1/19. Trendy is the granddam to lot 27, GRTF Cheyenne's Trend 22F.

- **bred AI** to PCSC Brilliance 24, AAA#18892767 on 12/23/18, due 10/1/19

- I guess the question here is where to begin on a female the caliber of Jewel's Secret. Let's start on the top side with her being sired by Remington Secret Weapon, making her a paternal sister to the high selling bull and female ever to sell in this sale, SSC Shell Shocked and SSC Victoria's Secret. Then let's take a peek at the bottom side and the Red Jewel cow family. Red Jewel has produced many high sellers and tremendous cattle over the years. Specially over the last year where she has produced numerous females that sold for over 10k including the high seller at 40k in Louisville this past fall going to Canada. Jewel's Secret has as much depth, capacity and overall mass as you would want in a female. Along being able to get out and move and a puppy dog temperament.

• Named for the Norse goddess of love and beauty, we could have called this heifer 'beauty' for that is what she is. She got a good start with an adjusted birth-weight of 71 pounds but has grown rapidly to a yearling weight of 963 pounds - a real beauty. Freya ranks in the top 15% nationally for Calving Ease and Birth Weight EPDs. Freya is 3/4 Simmental and 1/4 Angus and sells open and ready to breed at buyer's discretion. Freya was born and raised at Mountain View Farm under BQA standards. She tested negative for BVD/PI. No exposure to bulls.

Precious 59F is a female that will make a big impact in both the show ring and your pasture. My 11 year old son showed her this winter and she was Grand Champion bred and owned at the 2019 PA State Farm show. Her sire is a Steel Force son that produces the right kind of cattle and has produced many champions for us. Her dam is one of the top young cows in our program with an outcross pedigree. We are excited to see what she will continue to produce. We feel the same about Precious, with her being so clean fronted, big bodied and stout hipped along with a pedigree that leaves endless breeding possibilities, the future is extremely bright for this young female!! Get in on the ground floor of this cow family with a very bright future.

- Selling three embryos guarantee one pregnancy if work is performed by a certified embryologist. Profit Convectional Embryos, WLE Copacetic Conventional Embryos, and Colburn- Primo Sexed Heifer Plus.
- Rare Opportunity Here! Embryos available from the flushmate sister to the \$87,000 top seller of the historic dispersal at Hudson Pines Farm, NY, this proven donor is the trusted product of a great cow family. Her full sister, Alley 247Y was the 2013 National Western Grand Champion Simmental Female and her success in the HPF breeding program is well documented with a lifetime progeny well in excess of \$10,000 per head. The 2018 Denver One Sale featured a \$37,500 daughter by Duracell selling to Denning Farms, IA, and previous progeny include a \$32,000 daughter to Tylertown, TN, a \$22,000 daughter to Ivie & Sons, TN, a \$28,000 daughter to Kydie Jo Smith, OK, a \$26,000 daughter to Sullivan Farms, IA, and an \$11,000 daughter to Haley Farms. Additionally, in the dispersal where Alley was the Lot 1 feature, another daughter by SAV Brilliance sold for \$35,000 to Pine Creek/Hafner/Schick, IL. This mating to the ultra rare Profit, that semen is valued over \$500/straw, will sure be a homerun for the new buyer. Buy this mating with pure confidence! Power in the blood. Call Dr Josh Winslow for details. Ready for immediate shipment.

- Selling three embryos guarantee one pregnancy if work is performed by a certified embryologist.
- Here is something you need to look into genetics out of our young donor Emerson E36. Here is young donor we feel has potential one because of her over elite quality and then her backed by some of the breed's best genetics. The Sheza Dreamer line and that extending pedigree are doing the same job for many years. We flushed her to the proven champion Quantum Leap. We offer three embryos with guarantee of one pregnancy. Call or look us up sale day and we can give details about this donor. Cliff Orley knows the story as well.
- consignor:** Curry Wagner Simmental Farm

• This cow is a daughter of Stephanie's first Simmental show heifer, MVS Lucilla. A beautiful red cow who is one of our foundation cows. Lucilla has given us heifers every time she calves and so has her daughter, Destiny. Destiny is a maternal female, sound made raising her second heifer calf. The feminine heifer calf's growth at her side shows how well she does raising calves. This young Uno Mas heifer calf has a bright future ahead. This pair is an eye appealing package backed by proven genetics. Don't miss this pair and bred back on sale day! She was bred on 2/17/2019 to WLE Big Deal A617, Due to calf 11/28/19. Hillcrest Farm is BQA certified and this Cow and calf are BVD test negative.

• bred AI to WLE Big Deal A617, ASA#2743620 on 2/17/19, due 11/28/19

• Time to Shine is a Tremendous young cow in the prime of her life. She goes back to one of the best cow families we have ever had. Time to Shine has all the right pieces to make a major impact in your herd and others (if you are willing to part with her offspring). She is pretty fronted, big bodied, stout hipped and standing on a good set of feet and legs. With it being so muddy this spring we were unable to get her pictured and that really disappointed us. She is a female you need to see in person. If you are unable to make it to the sale be sure to get a hold of Doug, Drew or Dalton and/or check out her video we hope to make closer to sale time. And to add icing on the cake with this cow be sure to check out her heifer calf and ask about her too. She is sired by the Popular Shell Shocked. She has all the same pieces as her mother plus the ever popular blaze face. We have sold many high quality calves at the side of their dams here over the years but we feel this heifer calf may be the best yet!! Time to Shine is doing just that and we feel she will continue to over many years for her new owners so we would like to retain one future flush with a minimum of 6 transferable embryos at our expense and the new owners convenience. Please feel free to call if you have any questions or we can be of any convenience on any of our lots.

• Here is a solid cow backed by Built Right and Net Worth to add to your front pasture. This cow is complete being big footed, huge middled, good fronted, great uddered and a baldy to boot. Her sire, All Right is doing a great job for Pine Creek Show Cattle. They have sold multiple full sibs to this cow that have not disappointed their owners. In last year's sale a full sib went on to be champion at the Big East. Her calf is by a full brother to Shell Shocked and is a red baldy this is a knockout. We feel this is a money making opportunity.

- Truly foundation breeding stock. This baldie goes back to our first Ohio State Fair grand champion female. We sold a high selling baldie in the previous stars and stripes sale. She is very quiet and easy keeping. Bred to calve April 30 to our new senior herd sire SVJ Black Star B20. This baldie bull was reserve grand champion at Keystone International and reserve division in Denver. His first calves impressed us so much that we used him heavily on our AI herd for clean-up. Proven cattle like her don't come along that often. One of the most important traits in the cattle business is longevity. W30 is producing the great one's year after year.

## Gettysburg Battle Field Tour Friday, May 3<sup>rd</sup>

GETTYSBURG. A name widely known in U.S. and world history. Early in the third year of the American Civil War, 90,000 Northern soldiers, 70,000 Southern soldiers, 72,000 horses and mules, over 600 cannon, met in mortal combat in three days of battle. This was the largest battle ever conducted on the North American continent. The battle was conducted over 6,000 acres of approximately 38 separate farms surrounding the town of Gettysburg.

Mountain View Farm, host farm for the Gettysburg Stars and Stripes Sale, sits less than two miles from the battlefield. The Stars and Stripes Sales Group is pleased to once again offer a complimentary tour of the Gettysburg Battlefield as part of this year's sale.

The tour leaders this year will be retired Penn State University professor Dr. Carol Reardon and Tom Vossler, retired Army Colonel and Mountain View Farm owner/breeder. Carol and Tom are military historians who specialize in history of the American Civil War. In 2013 their multiple award winning book on the Battle at Gettysburg entitled *A Field Guide to Gettysburg* was published by the University of North Carolina Press. A second edition of the book was published in 2017.

The tour Carol and Tom will lead will include a lot of what is in their book in regard to the farms over which the battle is fought and they will tell the stories of the farm families who suffered so much during and after the battle. The tour will also include visits to the state memorials of Virginia, North Carolina, Maryland, Pennsylvania and New York.

To reserve your space(s) on this popular battlefield tour, call Tom or Barbara Vossler at 717-337-1615. If no answer to your call, leave a voice mail with your name and headcount for the tour, or E-Mail Tom at [tvossler@comcast.net](mailto:tvossler@comcast.net). The tour will depart the sale barn on Friday, May 3<sup>rd</sup> at 1:00 pm and will last about two and one-half hours giving you plenty of time to view the cattle prior to the social hour at the farm house at 5:00 pm.

# 2019 Eastern Regional Classic

## June 19-22, 2019

Hosted by WVSA and OJSA

West Virginia State Fairgrounds, PO Drawer 986, Lewisburg, WV 24901

### Wednesday, June 19

10:00 am Barns Open  
5:00-8:00 pm Contestant and Cattle Check in

### Thursday, June 20

8:00 am Opening Ceremonies  
8:30 am Livestock Judging contest  
12:00 pm Lunch  
1:00 pm Calvin Drake Genetic Evaluation Quiz  
2:30 pm Sales Talk

*We look forward to seeing you on May 4th!*

### ***Sale Terms and Conditions:***

All buyer numbers will only be issued with a valid ID and payment is due day of sale. DP Sales Management would appreciate timely settlement of receivables within 15 days of date of sale. Any person not complying with that guideline will be pursued legally. DP Sales accepts Visa/Mastercard. Cattle will not be transferred until paid for in full. Cattle will sell under Suggested Sale Terms and Conditions of the American Simmental Association. For updated terms and details go to [www.simmental.org](http://www.simmental.org).

### ***Announcements:***

Announcements made sale day from the auction block during the sale take precedence over printed material associated with this sale. Anyone attending this sale attends at his or her own risk, neither sale management nor Mountain View Farm assume liability for accidents or loss of property. DP Sales Management is only an agent for the seller and has no responsibilities other than those involved in conducting the sale. Mountain View Farm is BQA certified and certified Johnnes free herd.

### ***Sexed Heifer Semen:***

Sexed semen is not 100% accurate, therefore Gettysburg Stars & Stripes consignors can not guarantee gender of resulting calves.

### ***EPDs:***

Please note the EPDs may change from the time the sale catalog is printed until registration papers are transferred. EPDs listed are the new Spring 2019 numbers.

### ***Directions to Sale Site:***

From the North, South or West, take the I-81 exit for Route 30 East at Chambersburg toward Gettysburg. After crossing over South Mountain, look for road signs directing you to "Land of Little Horses" and "KOA Campground". These signs will alert you to the right hand turn from Route 30 onto Knoxlyn Road. After making the turn onto Knoxlyn Road, our farm lane entrance will be 1.4 miles on the right. Vehicles with trailers please take the second entrance and follow signs to the trailer parking area.

From the North, South or East, take Route 30 West from Route 15 thru the town of Gettysburg. Three miles on Route 30 West from the Gettysburg town square (traffic circle), you will make a left hand turn onto Knoxlyn Road. Road signs for "Land of Little Horses" and "KOA Campground" will alert you to the turn. After making the turn onto Knoxlyn Road, our farm lane entrance will be 1.4 miles on the right. Vehicles with trailers please take the second entrance and follow signs to the trailer parking area.
