Bryan Wyatt • 423.240.5533

Herd Health All cattle will have interstate health charts required for shipping into other sections of the United States. All Bred females will have been pregnancy examined.

Insurance Insurance for your purchases will be available sale day at the clerk's desk through Jamie Secondino, American Livestock • 812.208.0956

Purchaser's Risk Each animal becomes the property of, and therefore the risk of the purchaser as soon as sold. It shall be the obligation of the seller to see that animals are fed and cared for (free of charge) until loaded for shipment or until the expiration of 24 hours after the sale, whichever occurs first.

Note All persons who attend the sale do so at their own risk. Neither the owners nor the sale manager assume liability legal or otherwise for any accidents or loss of property. As the sale manager, DP Sales Management is only an agent for the seller and has no responsibilities other than those involved in conducting the sale.

Sale Terms & Conditions All buyers must register through DP Online Sales. By utilizing DP Online Sales, the bidder agrees to the Terms & Conditions listed on the online sale platform. Payment is expected within 72 hours of the sale. Payments can be made by credit card with a 3% convenience fee, e-check, or by mailing a check to our office. Cattle will not be transferred until paid for in full.

We all know that this spring has been very tough on all Americans. COVID-19 has affected all of us and our daily lives. Due to COVID-19 and in the best interest of the health of all attendees, the Stars & Stripes Sale for this year has been moved to an **online sale**.

We invite you to log onto **www.dponlinesales.com** to view the offering in this catalog and to bid on them in an online format. The sale will open on Friday, May 1st at 8AM EST and will go into extended bidding on Saturday, May 2nd at 8PM EST.

The Stars & Stripes consignors know that it is important for you to be able to view the offering in person. Therefore, all cattle will be on display at the Curry Wagner Sale Facility in Hershey, PA beginning on Thursday, April 30th. You are welcome to stop by at your convenience to view the cattle Thursday through Saturday. Not only does this give you the chance to look at the cattle, but this will also serve as a central location to pick them up for trucking. The cattle will have health papers and all necessary health requirements will be completed.

We encourage you to set up your account on DP Online Sales as soon as possible, so if you have any questions we can answer them. If you are uncomfortable bidding online, you can leave a phone bid through DP Online Sales; please feel free to contact us.

This is not how the consignors nor DP Sales Management wanted to welcome you to the new location of the Stars & Stripes Sale, but due to the cards dealt to all of us; we all felt this was the best way to market these genetics in the current situation. Rest assured the offering is still has strong, or maybe stronger and it is based on the genetics this group of consignors has worked hard to assemble over the years. We look forward to welcoming you back next year when we can all sit in the sale arena together; until then we will see you online!

Doug Parke

**We encourage you to visit with the consignors of the Stars & Stripes concerning the sale offering.
Please feel free to contact them prior to the online sale.**

• The ONE/TWO punch, your chance to “knock it out the park” with a great ET Opportunity. The mother and daughter combination. Volumes could be written about the successes of the “Sheza Dandy” cow family. They have excelled in the sale ring and showing across North America, but most and importantly in breeding programs across the country. This is the cow family that really got excited about Simmental cattle and do to this day. The maternal sister to the “War Diva M704”, is the only female to date to produce four (4) National Champions. Longevity is the key to cattle breeding success in the cowherd. This family really excels and abounds in “convenience traits”. Sound structure, correctness, length, big feet, mobility, udder shape and attachment, disposition and quality. In 2019 we offered embryos out of each donor. This time you pick the mating, you pick the Donor.

*Invest in your future for the long haul. Seller guarantees six transferable embryos on each cow with a guarantee of two pregnancies, and work must be done by a certified embryologist. T46 must be IVF, and will be available immediately after the sale. 6D is due this fall and can be done conventional or IVF. Buyer is responsible for all flush and semen costs. Buyer pays half down sale day. Please contact us to speak more about this genetic opportunity.

The sound structure of Greta is inherent in the cow family, she is no exception. Her soft, feminine phenotype completes the package. Her dam, Wynn 56W was a previous North American class winner and continues to be one of the most phenotypically pleasing cows in the CLO Simmental herd. Always raises a good one! The durability of Lover Boy progeny will really work well with their structure for future generations. Greta is solid black, polled and good! Will be bred to Denver champion CDI Innovator 325D. Check her EPDs, they will work anywhere. OCV, BVD-PI Negative, BQA Certified.

Maternal, powerful, flashy yet functional, all adjectives that describe Cherokee Steel Lady and her progeny. This Lazy H Faith Y500 x Optimizer donor is putting her stamp on our herd. We are offering the chance to do the same on yours. Being the Dam of HFSC Foxy Lady HF6, one of the most dominant show heifers in the northeast in 2019 winning breed champion and supreme champion in 7 different states over 15 times; the newest progeny, currently a yearling heifer is starting to leave her mark, following in her sisters footsteps. Don't miss this opportunity on sale day for the proof is in the progeny. Flush will be done IVF. If this embryo collection is exceeding 10 embryos, all embryos exceed 10 will be split between the buyer and seller. The flush is at sellers convenience and buyers expense. Buyer is responsible for all costs associated with the flush including semen, aspiration, super ovulation, freezing and transfer, and shipping costs.

Sire: W/C Executive Order, ASA#29002583

What an opportunity here to invest in a proven donor that has been our mainstay since we purchased her. And yes, she is a full sister to the \$37,000 Victoria's Secret and the \$17,250 Shell Shocked who were both the record selling high sellers in this sale four years ago. As far as phenotype, you just can't find one better. She is stunning all the way from that gorgeous bald face and zippered front through that explosive middle down to her perfect udder and great feet. She has excelled in the donor pen averaging 11 eggs on 6 flushes which allows us to put her up for your appraisal. Her first daughter out of a herd bull sold for \$3600 in the PA Fall Classic Sale. As of now we have 3 daughters on the farm, all standouts. We also have numerous ET calves that should hit the ground before sale time. And oh, did I forget to mention? She has a stunning, solid red heifer calf at her side. Come to Stars and Stripes and check them out. It will be worth your while.

• Never before have we opened the tank and offered all these matings out of our lead donor, Lazy H Shez Too Cool W58. The embryos sired Remington Secret Weapon are known and don't need much explaining. They are full sibs to Shell Shocked and Victoria's Secret. The embryos sired by 20-20 are ones we are excited about and that have a ton of future. Especially now that he is deceased, get these embryos while you can. The embryos by Remington Lock-n-Load are extremely rare as the semen is hard to come by. With the Great ones that Lock-n-Load has produced look for that same quality out of these embryos.

- The red baldy market seems to be the hot ticket right now. Here is a cow family that is no stranger to the spotlight. Hudson Pines made the Perfection cow family one of the most popular known to the breed. HPF Perfection W568 is sired by the Great Wheatland Bull 131L. W568 has produced exceptional, both bulls and females. She is most well known for her High selling daughter here at Stars and Stripes sale, SSC Pebbles but she has done even more than that. She produced the High indexing bull at the PA bull test. With the opportunity to have your own red baldy this pregnancy is extremely valuable. To make this package even more appealing the pregnancy is being carried by a solid red purebred cow out of SVF/NJC Built Right N48 and Silver Towne cow. Registration #2545164. Greg Stewart will truck the first 150 miles free of charge.

- I really hope whoever ends up with Regardless gives her a crack in the donor pen. If we would have had some more time this is one we definitely would have flushed so let our mistake be your again. phenotypically, she is simply fun to look at. Let's start with her beautiful extended front that nicely ties into her big sweeping middle. She stands on a big foot that will keep her going in the long haul. Take a look at her pedigrees and you can't help but get more excited. She was the calf at side of Pebbles that we bought out of this sale a couple years back as one of the high sellers. We knew she had a bright future but she definitely exceeded our expectation. This cow family traces back to Hudson Pines where they did a lot of great things and they continue to make waves in the Simmental breed. A little bit of a bonus on this one is her great temperament which will cause her to be missed on our farm. She is bred to our red baldy herd bull (which is a full sib to Shell Shocked) and will be calved by sale time. Reserving the right to 1 flush at buyer's convenience and seller's expense.
- pasture exposed to SSC Mr Weapon 55D, ASA#3236811 from 6/15/19 to 7/6/19 (due before Sale day)
- consignor: Green Ridge Farm

• We purchased Loaded Perfection "aka LP" at the 2017 Spring Into Excellence Sale. It was the plan to flush her but we invested in a few other donors and we can only flush so many cows. So we decided to put her up for sale hoping that someone will step in and promote her like we should have. LP is out of the Werning sire Lock and Load that has done a great job for the Simmental breed. Then on the bottom side she traces back deep into the Hudson Pines operation to their Perfection donor. Take a look at LP in person. She is jazzy fronted and deep middled. She is AI bred to the hot CCF MR 20-20 who is siring sale toppers and banner winners. Imagine how exciting this combination will be.

- **bred AI** to Mr. CCF 20-20, ASA#2964446 on 1/13/20. Due 10/23/20

- PVSM Queen Victoria "Tori." Tori is phenotypically correct – thick, deep ribbed, sound with a feminine front and beautiful udder. This donor's substance and style are backed by one of the best pedigrees in the breed. Her sire, Dream On, needs no introduction since he is arguably the best cow maker of his time. And her dam "Brightie" made incredible females for Hudson Pines, most notably a \$25,000 heifer that went on to win Simmental Breeder's Sweepstakes as a heifer, and then was Grand Champion Cow/Calf Pair at the 2019 National Classic and NAILE. On top of all that, Tori is a granddaughter of the maternal legend, Queen Sazerac. The sire of these embryos – LCDR Favor 149F – is an exciting young bull out of one of the hottest cows in the breed right now – WS Miss Sugar C4. Selling three embryos with a guarantee of one pregnancy if work is performed by a certified embryologist.

Executive Order has left some super females in our herd and here's another one. Powerhouse January yearling that exhibits tremendous base width and muscle, level topped and smooth. Excellent feet and legs, which you really appreciate when she's on the move. Great disposition and broke for the show ring. BVD/PI free.

- Miss Mark is the top heifer calf I had in 2019. Massive in her design, big boned, great footed, sound at the ground and a pounds heavy, front pasture kind- donor prospect. She is out of a massive made, great uddered and heavy milking American Pride cow and sired by On the Mark... a bull that is gaining in popularity and one that I am going to use a lot more of! This solid black one comes to you with that great rib cage, easy fleshing ability, the right look and she is great hiped. Nice fronted, smooth made, and the cowy kind. She's dog broke and the teachers pet, this one will be in the purple all year then have you in the black for years to come!

- Sired by Shell Shocked this January yearling has the type and soundness to be a really competitive heifer this year. Her long, clean, feminine front end explodes into a powerful rib, level top, wide hip, big butted body on excellent feet and legs. Don't miss this opportunity! Halter broke, sweet disposition, good junior prospect that is ready for the show ring. BVD/PI negative.

• If you are in the market for your next donor cow, put your satchels down here cowboys because this female has it all pedigree, phenotype, marketability, you name it she has it. Being sired by the popular W/C Loaded Up and out of the great CAJS Sweet Emotions 42Z. Her full sister sold for \$30,000 for 1/3 interest to Wheatland Cattle in Canada and is now a donor in their top program. Her full brothers were the Champion pen of 3 bulls in Denver and are now in stud. Sweet`n Me Up is a gorgeous bald faced, stout hipped, clean fronted female with great rib shape and a good set of feet and legs. Combine that with her pedigree and you have some excellent mating possibilities. Due soon to the ever popular LLSF Pays To Believe. We think so much of her we would like to retain 1 future flush at our expense and the new owner convenience. Greg Stewart will truck the first 150 miles free of charge.

• **bred AI** to LLSF Pays to Believe ZU194, ASA#2659897 on 6/27/19 (due before sale)

• Bombshell has been a standout since birth and hasn't slowed down since. She was Grady's show heifer last year and he was very successful with her winning numerous Championships. Bombshell has impressed everyone that has seen her over that past couple years with her massive rib shape, hip and beautiful front end. Now that she has calved add to the equation her near perfect udder and you have your next donor right here. On top of that she is a direct daughter of the Great LLSF Neon Rey. Bombshell's maternal sister sold for nearly \$40,000 in Denver. As icing on the cake Bombshell is nursing a beautiful heifer calf out of On The Mark that will undoubtedly be your next show heifer. We think enough of Bombshell and her future that we would like to retain a future flush out of her at our expense. Greg Stewart will truck the first 150 miles free of charge.

• If you are in the market for a female rich in pedigree/cow family your search is over. Flatliner is sired by the ever popular LLSF Uprising along with her dam being a full sib to the breed legend SVF Steel Force. As you can see her pedigree is mighty rich but that is just the beginning. Flatliner has had numerous successful flushmates. The first one sold through the NAILE sale in Louisville for over \$10,000 and then went on to be named Grand Champion female at the 2015 Eastern Regional. The next one sold as the high selling bred at the Jewels of the Northland sale for \$25,000 and the list goes on. To sweeten this offering even more Flatliner laid down and had a beautiful red baldy heifer calf by On The Mark. As hot as the red/red badly market is this coupon will do a big part in paying for. Greg Stewart will truck the first 150 miles free of charge.

• Cinderella 525E has a great overall design. She is a granddaughter of the top producer Miss Matlock S031 (Cinderella). Her dam is a direct daughter of the great Remington Lock-n-Load. Cinderella will be an excellent addition to any herd. She is a young cow with a ton of future ahead of her. She is due just before sale time to our favorite black baldy bull, SSC Shell Shocked 44B. Greg Stewart will truck the first 150 miles free of charge.

• bred AI to SSC Shell Shocked 44B, ASA#2880060 on 7/17/19 (due before sale)

• consignor: Stewart's Simmental Cattle

• This pretty, solid black coming 4 year old is once heck of a nice cow. Very friendly and easy to handle, she fits the mold. The result of a bred heifer we purchased at Stars and Stripes a while back, this Amigo sired female is moderate, nice uddered, smooth made, and very correct and functional. She raised a killer stud bull calf by KLER Kingsman her first year and she will have another exceptional calf at side by sale day sired by WC Executive 197D. Don't miss a great young cow going back to the HPF MS Jettop T098 on the bottom side and the Dream On son GCF AMIGO on the top who's females are my best cows.

• This one our first Two Step daughters and she has really matured into a great brood cow. Calli has a great pedigree backed by Pixie that has done a great job for McClure Mills. C4 is nice to look at being long necked, well balanced and complete. The best thing is this package includes a heifer calf at side born in February. The fancy heifer is sire by main herd sire Cole that is an Entourage son back to WLE Glory.

• bred AI to HPF Tradecraft D010, ASA#3124189 by sale day.

• Here is a young SimAngus not to miss that exemplifies hybrid vigor. This pedigree is packed with power top and bottom, going back to Hudson Pines "Lace" family and backed by the stylish and popular Silverias Watchout. Chardonnay exemplifies what we all desire in rib shape and dimension and carries it all on a big foot and sound structure. She was a successful show heifer for us and we now want to share her strong pedigree. Her heifer calf at side, sired by Quantum Leap has a bright future ahead. We are excited to offer this proven and sound genetically packed pedigree! Hillcrest Farm is BQA certified and BVD tested Negative. Breeding Information Available on sale day.

• Cow Power!! That is the best way to describe Blueberry. She is easy keeping with a huge amount of capacity, depth of rib, and a pretty front end. Also, you won't find a better udder and feet on any cow. Her dam, Mistletoe, is a consistent producer of top quality heifers for us including Huckleberry, that was high-selling cow/calf pair in this sale a few years ago for \$8,250. Blueberry is homozygous polled, heterozygous black, and halter broken. Her impressive bull calf at side could be your next herdsire. Breeding information available sale day.
