

Stars & Stripes

MAY 3, 2025

12:30 PM EST WAGNER SALE FACILITY HERSHEY, PA

Welcome,

It is with great enthusiasm and anticipation that we welcome you to the 2025 Stars & Stripes sale! Haefner Marketing is honored to be a part of such an event and look forward to seeing you in person on sale day at the Wagner Sale Facility in Hershey, PA. We welcome you to an area not only rich with our celebrated Nation's history, but rich with Simmental history as well.

If you are unable to join us in person, please join us on CCI.Live to evaluate, watch, and bid on this extraordinary group of cattle. Videos will be posted on CCI approximately one week before sale day as well as being linked to the online ISSUU catalog and the Haefner Marketing Facebook page for your viewing pleasure. Be sure to call myself or the consignors directly if you have any questions on the offering.

This distinguished group of breeders have once again assembled their very best for your evaluation on May 3rd, 2025. We are confident that this catalog contains elite show heifers, future donors, and some of the most profitable and predictable genetics you can acquire in the Simmental breed. With the nation's cattle numbers at an all-time low, and the market on the climb, now is a perfect time to invest in quality breeding stock from quality producers. Rest assured the consignors in this sale are those of integrity and honesty, the kind that have worked diligently to put a quality product in front of you. At this sale, know that you are dealing with reputable breeders that stand behind their product 100%.

Be sure to mark your calendars now and start making plans for an absolutely tremendous weekend of cattle evaluation and breeder networking in some of the most beautiful country in the United States. Please don't hesitate to contact sale management or any of the consignors directly if we can answer any questions, provide any further information, or be of assistance in any way!

See you May 3rd in Hershey!

Scarlet Diamond is a flashy 2 year old that you could always pick out even as a calf she was always finding reasons to pose for anyone who cared to look . Her grandma is the great Onyx who has produced to a very high standard for a lot of different programs . Scarlet Diamond is a maternal sister to Secret Diamond our high seller in this sale last year going to Pat Lyons in Oklahoma so you can see the consistency of our donor Diamond on display . Not to mention being sired by County O who has done a great job the last couple years . She is the type of cow we would love our pastures full of . She's stout yet very flexible and is a belly dragger . We think once you get her into production the sky is the limit and she will produce those highly sought after show heifers with the best of them . It's been fun watching her mature and she's definitely one we won't lose track of.

Lolita has been a favorite since birth from her moderate birth weight to her outstanding weaning weight of 827 pounds. All this is combined in a moderate framed package that is excellent from the ground up. There is a tremendous amount of maternal excellence wrapped up in her pedigree as she descends from the 'Sheza Dandi' tribe of females. Her pedigree is laced with championship genetics thru her sire 'Black Mamba', previous NAILE and American Royal Championship and 'Lover Boy' previous Denver Champion. Both these sires progeny prove to be feed efficient, forage sustainable cattle. She is also a direct granddaughter of our lead donor Dandi 6D. Dandi 6D has never missed producing the really good progeny regardless of sex. Lolita 6GL excels in the necessary 'convenience traits'. From the ground up from foot size and shape to near perfect udder/teat size and structure to rib shape and femininity. You can count on this one to be productive and low maintenance for many years to come. To add to her value she sells with the very sharp

heifer calf sired by LTS Succession, previous Denver Reserve Champion Percentage Bull and KILE Grand Champion Percentage Bull. It gets even better as she will sell bred to the exciting new sire TL On The Run. This sire's early progeny are already creating excitement in several herds. If you haven't already guessed Lolita 6GL is an excellent donor prospect! It was a hard decision to offer this pair in the 'Stars & Stripes' sale, only wanted to offer our best. OCV, BVD-PI negative, BQA certified. Don't hesitate, invest in your future here!!

The best way to establish sustainability in a cow herd is to start with time tested proven cow families. Well, Lucretia has them in spades on both sides of her pedigree, two shots of 'Sheza Dandy' and one of 'Ford RJ Dolly Y83'. Combine this with several breed leading sires over the last two decades and you have a

key to the 'recipe' for continued success. In addition she is sired by the six figure high seller from a previous FT. Worth sale produced by the Kearns outfit from Nebraska. This is a first calf heifer with built in performance. Lucretia has the sound structure and capacity so necessary for sustainability and longevity. Again it's hard to fault her udder/teat suspension and structure. Her bull calf by LTS Succession, previous Denver Champion Percentage Bull, is loaded with style, balance and performance in a low birth weight package. OCV, BVD-PI negative, BQA Certified. Invest with confidence.

It's no secret that everyone can use a Too Cool daughter in their herd. She outdone herself time and time again with a long list of high sellers ranging from 10k to 37k. We've had the opportunity to have some of her best daughters working in our herd and they've done a great job for us. We think Shez To Special is just that and may be one of the most unique Too Cool daughters to date. Shez To Special is a beast of a cow reminding us a lot of her dam. She stands on a great set of running gear, comes up into a stout hip with plenty of rib and middle to spare with a beautiful swanned neck. We

feel like with her size and unique phenotypical traits she would work with a wide variety of today's sires. Buy her, take her home, and flush her and start reaping the benefits.

If you're looking for a hard working 2 year old that's doing everything right take a look here. We purchased lady beside her dam from Pleasant Hill Farms where they caught many cattlemen's eyes and ended up being one of the high sellers. Fast forward and her young Uno Mas dam is working hard in the donor pen so we're putting lady up for your appraisal. She stands on a great set of feet and legs is packing a perfect udder and has a long extended front 1/3 that ends with a pretty bald face. She is sired by Commander who is a Copacetic son that works for Pleasant Hill Farms, making her a total outcross to many of the hottest bulls today. Lady is the kind of cow that is built for the long haul and will be a money maker for years to come. To sweeten the deal she has a stout double up heifer calf at side that could pay for the pair come this fall. Don't miss this pair on sale day!

We don't even know where to begin with this pair. This young three year old is flat out getting it done! The County O x Deception mating has had huge success in this very sale. A full sister was a high seller in the Stars and Stripes to the McKinney family. Her dam STF Deception W153 is a flush mate to STF Onyx, who needs no introduction. Multiple Deception daughters have made their way to some of the top Simmental herds in the country, including STF ZW 87 owned by Barron Simmentals. This female is striking from every angle. She is sound made, big ribbed with a killer look. Her heifer calf at side could be the golden ticket! ERV Deceptive is sired by our bull CLAC Matlock 131J(Relentless x Cinderella). She is worth the trip to PA folks, don't let this pair slip by!

I'm not sure where to begin when writing a footnote on a pair of this caliber. So, let's start with her pedigree. Serenade is a flushmate sister to the \$1.24 million, STCC Tecumseh bull who has taken the Simmental breed by storm and producing numerous offspring that have been high sellers across the country. Her sisters have also been demanding top dollar, selling for anywhere between \$40,000 and \$240,000. Serenade is also a direct daughter of HF Serena who has sold nearly \$3 million in lifetime progeny sales. To even increase the value of her stock even more go ahead and evaluate Serenade from a phenotype standpoint. She is clean fronted, soggy middled and stout hiped, and to top that off she has a beautiful udder. As icing on the cake be sure to check out the fancy heifer calf at her side that can show you what she can produce. This little girl is sure to end up at the backdrop if you like to show. The potential and future are endless with this pair. Seller reserves the right to one future flush, minimum 6 - #1 embryos at the buyers convenience and sellers expense.

Dandi II 3G brings together two of the strongest most significant cow families of the last 30 years... Sheza Dandy and 8543. 3G's sire has produced as many champions and top sellers over the last 10 years as probably any sires with the breed. His progeny remain in strong demand. With the combination of the sires and dams in her pedigree you will have a 'formula for success'. And let's not forget the tremendous positive influence of Dream On over the decades. Dandi II 3G has as much power, substance and sound structure as any mature daughter of Relentless as you can find. She is a massive low maintenance mama cow. Is she a Donor prospect? You Bet! Let's focus on her stylish, feminine February heifer calf. This sweetheart has show potential that her mother had before her. The Black Mumba progeny are for real as self sustainable profit based cattle. To add value Dandi II 3G will sell bred to the popular rising star Woodford. Breeders who have them love them. OCV, BVD-PI negative BQA certified.

Here is the one many of you have been waiting for... Possibly the first PUREBRED granddaughter of the famous FOXY LADY and the first natural calf of our donor JESTRESS (Relentless/Foxy Lady). She has been in our lead show position for the past year and knows how to produce purple banners. This heifer is an example of what the finest genetics can produce. She is a long sided female that offers a ton of upper rib shape and pairs it all on a functional sound build. She is an easy fleshing female that has the

temperament needed for first time show persons. She offers the leg, shoulder and hip definition that we all chase and when she is in your donor pen or front pasture know that she will be passing these championship genetics on your next generation of calves. Bid with confidence that this is the heifer that will take your operation to the next level. Bred to the NWSS Champion Bull LOVER BOY for a December calf.

Hooker is a powerhouse of a heifer. This red baldy is as hot as red Simmentals get. Compare her to others and realize that she is the whole package. Pedigree, soundness, shape and look set her apart. Study her up high and bolder in the turn to her rib and has a ton of natural thickness over her top and she comes back very dimensional in her pin width. What really

sets her apart is with her mass she maintains a sound build in motion. Take her and show her or put her out front and watch the heads turn as they drive by. Take note of the cow family that she will be bringing to you operation. Her mother has produced numerous show winning and high selling heifers for our ranch. Bid with confidence knowing that she can elevate the quality of your operation. Bred to the NWSS Champion Bull LOVER BOY for a January calf. *NOTE that she should have a RED calf!!

From the ground up, this one is GOOD. Great feet and legs. Long extended body. Super clean front one-third. Temperament to die for in your herd. Mo-Jo is a complete package. Halter broke and should be show ready. Will be bred to Gonsoir Swagger. This is a "74" cow family going back to Sweet Sensation, a cow flushed in coop with Hudson Pines Farm. Simme Valley's herd is BVD-PI negative, enrolled in THE, and the farm is Certified BQA.

Mystique brings forth a pleasing combination of 'Old School' and 'Current' genetics. The undeniable presence and success of the 'Sheza Dandi' family combined with the influence of 'Remedy' is truly worth noting. Without doubt Remedy progeny have been a dominant force in both the show ring and numerous salerings across the country. Fast forward to production... these cattle do work in the real world in terms of forage efficiency, low maintenance, sound structure and the ability to raise offspring with the same attributes. On to the maternal side of Mystique's pedigree, her donor dam remains a stalwart member of the CLO herd at 16 years of age. During embryo work she has been a prolific producer and those cattle are the 'Keeping Kind'. Mystique herself is a beautifully designed, moderate framed,

sound, easy fleshing matron in the making. She will lead you into a successful future. To add value she will sell bred to the calving ease, big numbered 'Point Proven'. OCV, BVD-PI negative, BQA certified.

Watch the Sale on CCI.live!

The best, the fastest and most comprehensive marketing & bidding tool!

How to Bid Online...

- As a buyer, you do not need an account or to login to watch the sale but you must have a validated account to bid.
- After you are logged in, you must proceed to the sale page for any and every auction and click "Get Buyer Number." Some auctions require a pass-code to obtain a buyer number even after you are approved by CCI.live. Pass codes generally come from the sale manager or ranch for that particular sale.
- CCI.live will operate with ease on a cellular device, laptop, desktop or tablet.
- A modern or current browser is important and will make your experience better. You do not need to install the app on cellular devices to watch a sale. CCI.live is a browser-based application meaning it will play on most new browsers, but you can also download the CCI.live app at the Apple App Store or through Google Play.
- For successful bidding you must have good Internet service! It is very important to be stationary. If you are driving and bidding, expect to have some service issues. If you are stationary on a good device, with healthy Internet, expect a very successful bidding environment. If you have slow Internet watch the "asking price" on the screen - It is real time and refresh your browser if you feel like you have some lag.
- Support line open during all sales. 405-400-9505 - Please contact the ranches for invoices and trucking.

RARE Opportunity to purchase your own "Foxy Lady". SIEZE the opportunity to choose from two high performance female Flush mates to the infamous Foxy Lady. Foxy Lady needs no introduction in the Northeast or around the country for that matter, she is a 15x Champ in 7 different states, progeny selling in excess of \$10K on average, with over 65 registered calves to date. These two females are following in her footsteps with the genetic potential to make your program explode! We give the highest bidder the choice to pick the female that fits their program. These flush mates are both complete in their make up, sound on the move and ready to compete in the show ring. These females still have the opportunity to be entered in the AJSA Eastern Regional and AJSA National Classic. Bid with confidence to add the highest quality of show heifers to your program that has the added bonus for Donor pen material once her show ring career is over. Either heifer will be worth the investment for your program genetically and financially.

With extremely limited embryo inventory due to her recent death, this will be one of the last public offerings on our Cinderella donor. She has made such an impact on our programs in just a short period of time, with almost all daughters being selfishly retained within our herds. Cinderella (Matlock 502C), who we think is plenty worthy of wearing that crown, was a sale highlight at the NAILE Select Simmental Sale. She has a pedigree that is among the elites, she had an incredible show career that included Supreme Female at Sweepstakes, Grand Female KILE, and Reserve Supreme Female at PA Farm Show. As a donor in production, Cinderella has laid claims to a 100K Distinction daughter who sold to Sullivan's at the Donors and Divas Sale along with several others. We think her ability to blend her massive foot size, extension, shape, and incredible look in a purebred package will create females that will excel not only in the show ring but also in future donor material for years to come. The lone offering to Tecumseh is an absolute no brainer considering he has already produced countless high sellers. If you are looking to combine the best cow families the breed has to offer and want to find yourself at the backdrop - be sure to buy with confidence here.

Not very often do you get a chance to have your choice of embryos that are full sibs to the 1.3 million dollar, STCC Tecumseh and the 2022 NAILE Grand Champion female. The Knockout/Serena line is one of the most proven and consistent cow families in the Simmental breed. Add into that VCL Foresight, the sire of Tecumseh and JBSF Berwick, the sire of the 2022 NAILE Champion along with many others and you have a proven recipe for success. Safest bet is to take both matings because they are already proven and you can't go wrong! These opportunities don't come along very often so be sure to have the winning bid on sale day. Selling 3 sexed heifer embryos from your choice of sires, VCL Foresight and JBSF Berwick.

United We Stand was the high selling Simmental bull at \$42,000 out of the Pleasant Hill sale this spring. Admired by many good cowboys for his added capacity, flawless structure, and square build; this bull is one of those rare individuals that combines impressive phenotype with an EPD profile you'll love. A double digit calving ease followed up with top 10% WW, top 10% YW, top 10% ADG, top 15% \$GN, top 25% API, and top 10% TI. United we Stand offers elite look and balance, rock solid EPD's, and cow families that have got the job done time and time again. This is a must use sire.
